1. Applicant's arguments in the Response filed 3/28/06 (page 3, lines 2-6) with respect to claims 1 & 6 have been fully considered and are persuasive. The rejection of claims 1 & 6 has been obviated by their cancellation.

2. The following is an examiner's statement of reasons for allowance:

Re claim 4 (and dependent claim 5), the art of record does not teach or suggest the recited combination of a first tone reproduction unit with an emphasis on resolution, a second tone reproduction unit with an emphasis on gradation, and a selection of the two processings such that the selection is based on a region discrimination that uses an $n \times n$ pixel matrix and a smoothing by the second tone reproduction unit uses an $m \times m$ pixel matrix (such that $n \geq m$).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
